

AMSTERDAM SIGNATURES 1640

I published here a list of signatures under the first Statutes of the first Jewish Community in Recife, Brasil. It dated from 1648.

Here is an earlier list of signatures, this one is from Amsterdam, and it can be found under the first statutes of the freshly united Portuguese Jewish Community Talmud Torah. The date: 1640.

If you compare the lists of Amsterdam and Recife, you might find quite a few signatures that are from the same person. One example: Moses Cohen Henriques.

Follow the link, and you will go directly to the pages in the Escamoth A of the Portuguese Jewish Community that I transcribe here.

The list has been published before by Wilhelmina Chr. Piterse in her book about Daniel Levi de Barrios. page 165. I was able to correct a few names and to fill in some blanks, so here goes:
