

From Ton Tielen 21 Nov 2017

I spent some time to compile a list of 85 Portuguese Jews who went from Amsterdam to North Africa and Gibraltar in the period 5445-5488 (1685-1728), with a little help from the Mahamad of Amsterdam – in guilders and stivers. PJC stands for Portuguese Israelite Community Amsterdam, p. = page. The year is in hebrew, the amounts are in guilders and stivers. The list shows that there were extensive relations between the Sephardim in Amsterdam and in North Africa. Argel is Algiers, Berberia stands for Morocco.
